Dear Reggie

Please see Prof Quinot's reply below. Translated to English: He confirmed with Juta that authors can submit articles to the repository 6 months after publication. Yes - the articles therefore can be submitted and the embargo date be set on the repository, to be lifted automatically when the embargo date expires.

Kind regards  
Ina

Beste Melinda en Ina

Ek stem saam met Melinda se opmerking hieronder. Ek het onlangs met Juta bevestig dat hul beleid steeds is dat outeurs artikels wat in Juta joernale gepubliseer is 6 maande na oorspronklike publikasie op 'n 'institutional repository' kan laai sonder enige verdere goedkeurings. Dit mag dus dalk 'n goeie idee wees om bloot 'n lys van publikasies van fakulteitslede te verkry met hul goedkeuring om dit op Sunscholar te laai en alles wat elektronies beskikbaar is op een slag op te laai. Dit behoort die regsversameling op een slag drasties uit te brei.

Groete,  
Geo

Hallo Geo

Ek sien Ina het die statistiek ook vir jou gestuur.  
Die gebruik van die regsmateriaal op SUNScholar is regtig 'n aansporing om in 2011 meer dokumente op te laai.

Groete  
Melinda

Colleagues

It is interesting to note that Law has one of the smallest collections (27 items only) on SUNScholar, but the highest access ratio.  
Thanks Hilton for the attached statistics.

Ina
